Mr. Decaro,

Department of the Navy has determined the Blue Creek Wind Energy Project, in Allen County, Indiana, and Paulding and Van Wert Counties, Ohio will not have an impact to the Marine Corps' microwave systems.

In addition, corrections have been made to all references to the windmill project name in the email strings below.

Mr. DeCaro,

Department of the Navy has determined the windmill project will not have an impact to the Marine Corps microwave systems. After extensive research the Marine Corps unit has changed training areas within the state. Thank you for your patience in this matter.

Regards,

Mr. De Caro,

First, please accept my apologies for not being able to give you an answer regarding the Blue Creek Project in Allen County IN. There have been difficulties in reaching the unit POC to obtain the information needed. I do have someone working this issue and hope to hear from them by this Friday.

Regards,

Mr. Decaro,

Per telephone conversation here is the information available right now.  
I will contact the users at Ft Wayne, IN to obtain further information on their use and see if they have other options on their training sites/areas.

The Marine Corps microwave systems operating within 50km radius of 405920N 0851130W. This system is used for training and is transportable in and around the 50km radius.
